Energy Manager - NYSEG NYSEG Energy Manager

Compare Your Usage

Download Your Data

You can download up to 36 months of your historical energy data.

Select Fuel Type

☒ Electric

☐ Gas

Select Data Type

☒ Usage

☐ Billing (all bill history from the last 36 months)

Select Date Range

☒ Custom

Start date: 06/08/2025 End date: 06/08/2026

☐ Bill Period

May 28 2026 - Jun 25 2026

Select File Format

☐ CSV

☒ XML (Green Button Data format)

Download file

For starters click on the calendar icon in “Start date”

The screenshot shows a web browser window with the URL `energymanager.nyseg.com/insights`. The page title is "Energy Manager - NYSEG". A modal titled "Download Your Data" is open, containing the following sections:

- Download Your Data**
You can download up to 36 months of your historical energy data.
- Select Fuel Type**
 - ☒ Electric
 - ☐ Gas
- Select Data Type**
 - ☒ Usage
 - ☐ Billing (all bill history from the last 36 months)
- Select Date Range**
 - ☒ Custom

Start date: 06/08/2025 (calendar icon circled in red) End date: 06/08/2026 (calendar icon circled in red)
- Bill Period**

May 28 2026 - Jun 25 2026
- Select File Format**
 - ☐ CSV
 - ☒ XML (Green Button Data format)
- Download file** (button)

Then click where it says “June 2025”

The screenshot shows a web browser window with the URL `energymanager.nyseg.com/insights`. The page title is "Energy Manager - NYSEG". A modal titled "Download Your Data" is open, allowing users to download historical energy data. The modal includes the following sections:

- Download Your Data**
You can download up to 36 months of your historical energy data.
- Select Fuel Type**
 - ☒ Electric
 - ☐ Gas
- Select Data Type**
 - ☒ Usage
 - ☐ Billing (all bill history from the last 36 months)
- Select Date Range**
 - ☒ Custom

Under the "Custom" date range selection, there are two date pickers:

- Start date:** 06/08/2025 (This date is circled in red in the original image).
- End date:** 06/08/2026

A calendar dropdown is visible for the start date, showing the month of June 2025. The date 8 is highlighted in blue. At the bottom of the modal is a green button labeled "Download file".

Then click on the earliest available date, here it is 2023

Recent Bill
May 27, 2026

Compared To
April 28, 2026

Apr 29 - May 27 (29 days)
31 kWh

\$27* ↓ \$4

*Bill amounts calculated without taxes, fees, and credits, and so may not match your actual bill total.

Mar 28 - Apr 28 (32 days)
46 kWh

\$31*

*Bill amounts calculated without taxes, fees, and credits, and so may not match your actual bill total.

Your electric charges are about \$4 lower than your previous bill.

Key reasons why your bill changed:

Electric Usage

↓ \$5

You used 15 kWh less electricity during your recent bill period, likely due to changes in your usage habits.

Miscellaneous energy price changes

↑ \$6

The pricing for your electric services may change between billing periods. This is likely due to Commodity Costs, Rate Costs, and other miscellaneous costs.

Weather-related Usage

↓ \$3

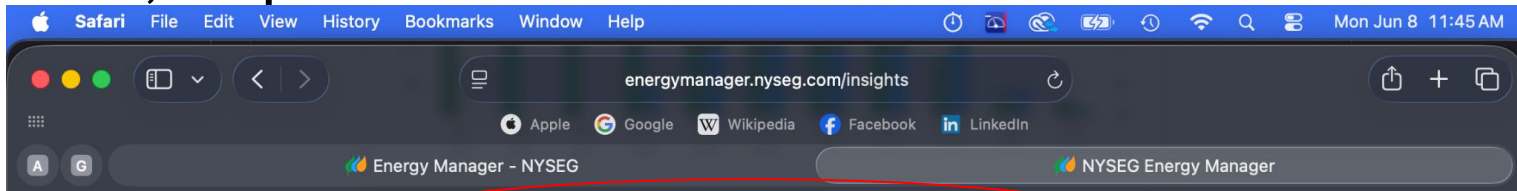

You used less weather-related electricity during your recent bill period, likely due to an average temperature increase of 5°F.

Bill Period

↓ \$2

Your recent bill period was 3 days shorter.

And you should get this:

The screenshot shows a Firefox browser window with the address bar displaying `energymanager.nyseg.com/insights`. The page content includes a "Net Elect" chart with green bars and a blue line, and a "Bill Cycle" section. A download menu is open, showing the following items:

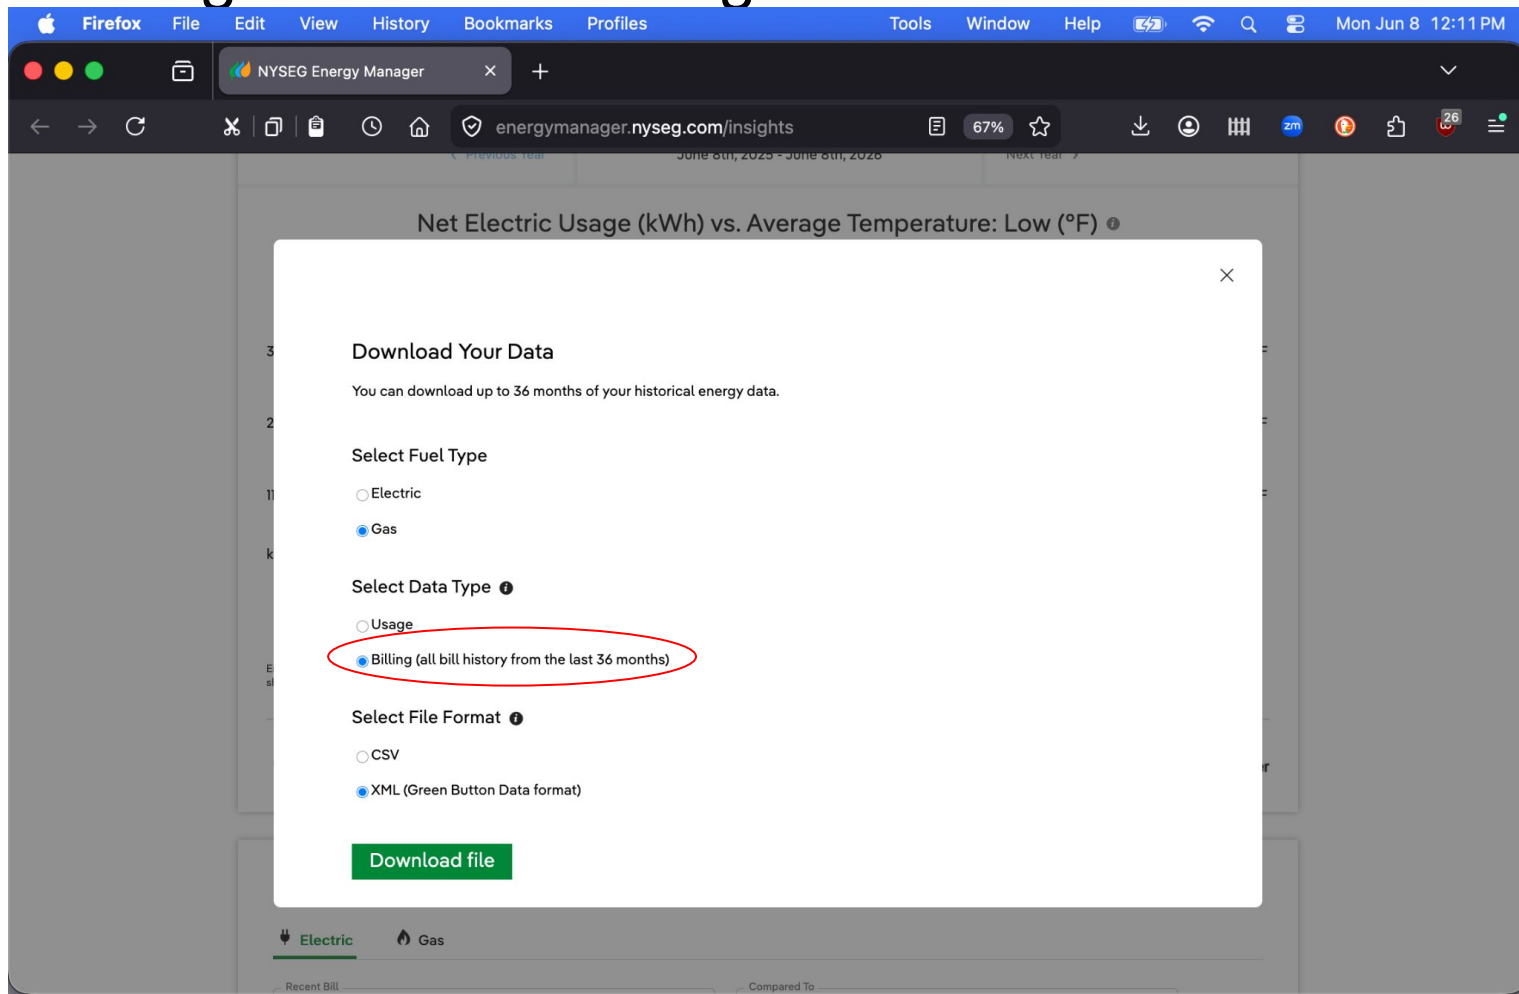

- `avangrid-em-nyseg_gas_60_...06-08-2023_06-08-2026.csv` Completed — 1.2 MB
- `avangrid-em-nyseg_electric_...-08-2023_06-08-2026(1).csv` Completed — 1.2 MB
- `avangrid-em-nyseg_electric..._06-08-2023_06-08-2026.csv` Completed — 1.2 MB
- `lord_jeff_club_2.jpg` File moved or missing
- `lord_jeffery amherst_club.jpg` File moved or missing

The first item is circled in red. At the bottom of the menu is a link to "Show all downloads".

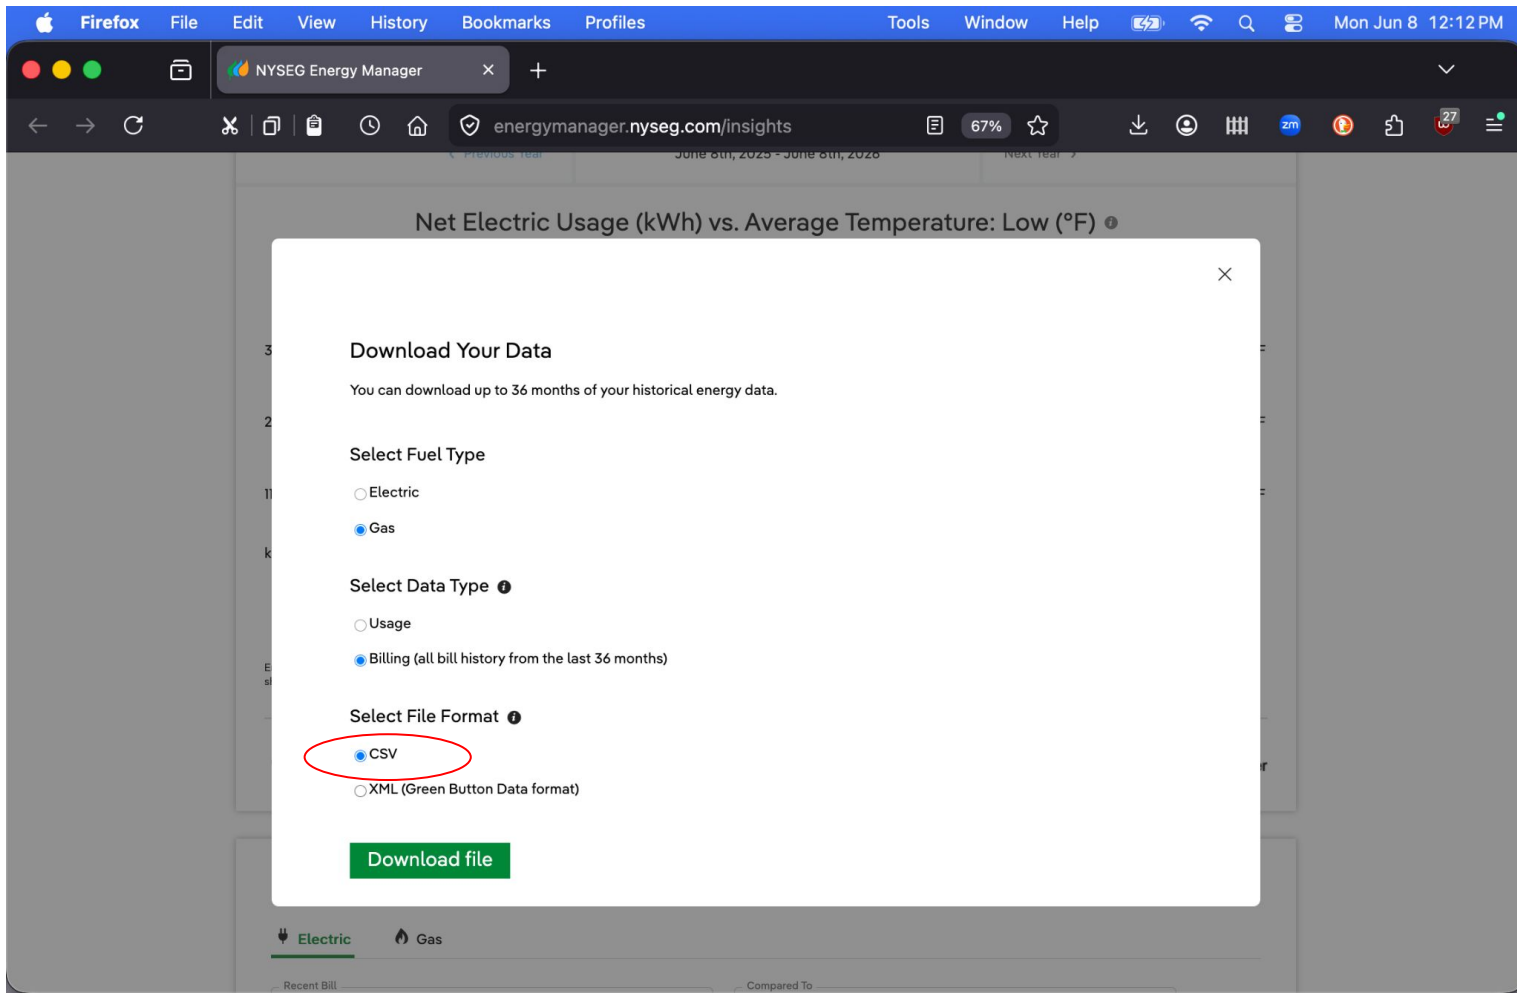

Below the chart, there is a note: "Energy data shown is typically as of two days ago. Are you generating your own electricity? The month and day chart shows how much energy you used and generated, including any generated energy shared with other selected accounts."

At the bottom of the page, there is a "Download my energy usage data" button and a link to "Weather data provided by Apple Weather".

For gas billing data click “Billing”

Select the CSV file format

You should get a file identical to the gas usage except (1)

The screenshot shows a Firefox browser window with the address bar displaying `energymanager.nyseg.com/insights`. The page title is "NYSEG Energy Manager". A download menu is open, showing a list of files:

- `avangrid-em-nyseg_gas_60_...08-2023_06-08-2026(1).csv` (Completed — 1.2 MB)
- `avangrid-em-nyseg_gas_60_...06-08-2023_06-08-2026.csv` (Completed — 1.2 MB)
- `avangrid-em-nyseg_electric_...-08-2023_06-08-2026(1).csv` (Completed — 1.2 MB)
- `avangrid-em-nyseg_electric..._06-08-2023_06-08-2026.csv` (Completed — 1.2 MB)
- `lord_jeff_club_2.jpg` (File moved or missing)

The background page shows a "Net Electric" chart with a blue line and green bars. The x-axis is labeled "Bill Cycle" with dates: 7/4-7/28, 7/29-8/27, and 8/28-9/26. The y-axis is labeled "kWh" with values 115, 230, and 346. A temperature chart on the right shows 70°F, 46°F, and 23°F. Below the chart, there is a note: "Energy data shown is typically as of two days ago. Are you generating your own electricity? The month and day chart shows how much energy you used and generated, including any generated energy shared with other selected accounts." At the bottom, there is a "Download my energy usage data" button and a "Weather data provided by Apple Weather" link.
